 **RING'S**
MANUFACTURING

BLUEGUNS

Ring's Manufacturing crafts the most detailed, accurate and extensive line of "Firearm Simulators" on the market today. All of our products are inert detailed replicas of actual weapons designed for Law Enforcement and Military Training.

Each Product is made with strong, impact-resistant polyurethane with steel reinforcement. This prevents bending and flexing while maintaining the detail, handling and balance of the actual weapon they represent.

Each gun is fabricated in "Law Enforcement Blue" - the most recognized safety color in the world. Ask for "**BLUEGUNS**", a realistic & safe alternative to using live firearms in training situations.

ARLINGTON - Police investigators sought Friday to explain how a weapon containing real ammunition ended up at a training exercise - in violation of widely accepted safety standards - and why the gun fired, killing a popular officer.

COMMON EXERCISES FOR TRAINING WEAPONS...

**WEAPON RETENTION
DISARMING
ROOM CLEARANCE
SUDDEN ASSAULT TRAINING
TARGET SELECTION
USE OF FORCE CONSIDERATION
CLOSE QUARTERS BATTLE**

**PRACTICING OF POSITION & STANCE
IMMEDIATE ACTION/FAILURE RESPONSE
MOVING AND MULTIPLE TARGET ENGAGEMENT
USING COVER
PERSONAL SURVIVAL**

"Ring's Manufacturing makes a very fine, rugged product that should last us indefinitely."

Charles W. Parrott, III, President
Concealed Protection 3, Inc.

"Unlike other plastic guns, the BLUEGUNS give you the feel and look of the original counterparts."

Mario Martinez Jr., President
HRT Training Corp., Inc.
