HOT WEATHER JUNGLE COMBAT

STYLE NO: 80030-001 TAN

SIZES: 4-15 REGULAR, WIDE, HALF

The Hot Weather Jungle Combat boot is an original for Wellco. As early as the 1950s, Wellco began the task of convincing the U.S. Army that its unique Direct Molded Sole (DMS) construction was suited for military combat boots. This resulted in the adoption of this method for the Army Hot Weather boot.

- Padded Nylon Collar
- Nylon Cordura®/Fleshout Leather Upper (Full Grain Leather on Black Boot)
- Vulcanized Direct Molded Sole Construction
- Premium Polyurethane Contour Cushion Insert
- Boot Height 9"

HUNTING THE "ONE" BOOT GTX

STYLE NO: 61001-007

SIZES: 6-14 REGULAR, WIDE 7-11 HALF

For years you have needed a boot for early season, late season, the west, the hardwoods, upland, etc. . . Now Wellco has built the ONE boot meaning you only need one pair. Let technology work for you this time. You want an upland boot, wear them with the airflow liner and no cover. You want to sit in the tree stand, wear them with the 400gr booty and a 9mm thick fitted neoprene overshoe. Why not, they will both work perfectly, no more wearing the wrong boots or being faced with having to buy a new pair of boots because you got invited to go on your dream hunt.

- Interchangeable 400g and AirFlow Mesh Liners
- Integrated Interchangeable Over Boot Designed
- Full Grain Leather
- Gore-Tex® Waterproof Breathable

HUNTING "ONE" BOOT GTX UI, 400, 1000

STYLE NO: 61002-007 UNINSULATED SIZES: 6-14 REGULAR, WIDE 7-11 HALF

UNINSULATED: Just like the "ONE" boot with-out the interchangeable liners. You can put anything you want on the outside to keep you warm or hidden but you will always have the fit of an uninsulated Gore-Tex® boot.

400gr: Just like the "ONE" boot with-out the interchangeable liners. A great boot if you always have cold feet, you start out with 400gr. of insulation and you can put anything you want on the outside for extra warmth or concealment.

1000gr: Let's face it you always hunt in the cold weather and you love a boot that keeps your feet warm, but you wouldn't mind being able to change your camo pattern or make them a little more scent proof or warm. This is your boot. You start out with a 1000gr. boot and work your way up.

- Full Grain Leather
- Integrated Interchangeable Over Boot Designed
- Gore-Tex® Waterproof Breathable
